

**Road Authority shall approve
usage of this TGS.**

REPEATER SIGNAGE
TO BE PLACED AT
INTERSECTIONS.

GENERAL NOTES:

1. This TGS is only to be used as part of the DBCA Generic Traffic Management Plan.
2. All sign locations are to be checked prior to setout and positions adjusted to allow for specific site constraints such as vegetation, other signs, roadside furniture and sufficient space on shoulders/emergency lanes.
3. All existing speed zone signage within the temporary speed zone shall be covered with suitable opaque material for the duration of the stage and covers to be removed on completion of works each day. Unless otherwise noted.
4. All vehicles used on site must be fitted with an audible reverse and flashing beacons.

DISCLAIMER:

It is the responsibility of the user of this traffic guidance scheme to confirm the appropriateness or otherwise for the intended work site based on rigorous risk assessment, review of the requirements of AS1742.3 and Main Roads WA Traffic Management for Works on Roads Code of Practice. All responsibility will remain with the user to ensure compliance with relevant standards and the provision of the necessary level of protection for work personnel and work site.
